Revision Tips

Learning is a change in our long-term memory.

We know when we have learnt something when we can remember or recall something without even thinking about it or when we can do something without thinking about it.

Revision means to 'see again'. Revisiting key knowledge and skills moves them into our long-term memory.

Create the right conditions

- Tidy desk
- Quiet space
- Distraction free

Select the right strategies

A lot of research has been done recently on the most effective study strategies. The ones on the left maximise the chances of transferring knowledge into our long-term memory. They are highly effective. However, they require effort and feel hard. They are best done in shorter burst with breaks in between.

The ones on the left are likely to be chosen by students as they feel busy when they do them and feel reassured. These strategies require little effort so little knowledge transfers to the long-term memory.

✓	Quizzing	X	Reading information in a guide, notes or a website
✓	Brain 'dump'	X	Watching a video clip
✓	Self-explanation	X	Copying out information or diagrams
✓	Practice questions	X	Highlighting a guide or notes

Self-quizzing

Students can use their notes and key materials from lessons to self-quiz. This strategy makes use of **retrieval**. The process works in four steps:

Step one: students read the key information (e.g. notes on power in Macbeth)

Step two: students conceal the information.

Step three: students write down everything they can remember (if using a page of Cornell notes, they can use the questions they have written as cues).

Step four: students look back over the key information to see how well they remembered it. This is the most important stage as it is where they evaluate their learning. They should use a different colour pen to fill in any gaps which become their focus for the next revision session.

This self-quizzing process can be done in pairs with students questioning each other or with you questioning them.

Many subjects provide students with ready-made quizzes.

Brain Dump

Brain-dump and then look for gaps

Re-visit information that you could not remember

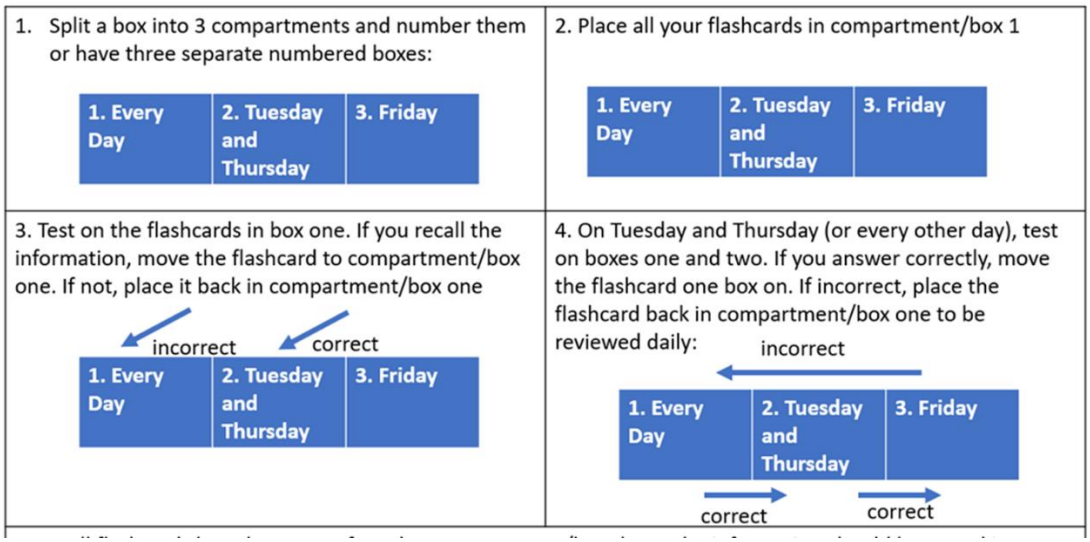

After each topic, close the book and write down a summary of what you have studied.

Check back to see if you missed anything important. Add it to your summary in a different colour.

Create a flash card or quiz questions to use later.

Using Flashcards

The Leitner method is a way of self-quizzing with flashcards where you move the cards to different compartments depending on whether the knowledge was recalled correctly or not.

Self-Explanation

Once the basic knowledge is secure you can practice self-explanation to deepen your understanding and help prepare for exams by answering 'how' and 'why' questions.

Below are some sentence stems that can be used to practice this:

- What does .....mean?
- Tell me about.....
- What is.....?
- Why did .....happen?
- What causes.....?
- What is the difference between.....?
- How do you calculate/find/work out the.....?

Explaining to another person or partner, as though teaching something, is effective too.

Practice questions

The strategies above are mainly about revising and remembering key knowledge but, at some stage its important to practice answering exam questions. A revision session, therefore, should start with some brain dumping and/or self-quizzing but then use this knowledge recap to write sentences, paragraphs or full answers.

This is where the focus is on thinking carefully about crafting, incorporating key vocabulary and knowledge into writing, in subjects like English, History and R.S. or on selecting knowledge from different parts of the course to solve problems or reach decisions, for example in Science or Geography.

The temptation is to practice answering exam questions too early in the revision processes, before key knowledge has been learnt (secured in long term memory). This is likely to be less effective.

Revision Planner *SAMPLE*

Plan your revision in 25-minute segments with a 5 minute break. Remember to add in time for your hobbies/sports, time to eat and rest each day.

1 x 10 hour exam which will take place in late April – your class teacher will confirm the exact dates

Exam Board: AQA

Support in school:

Lunchtime and after school support sessions will be take place during the Spring term. Your class teacher will share details of the days and times.

Week 1: w/c 16 February 2026 – Half Term Week

You MUST do	✓	RAG
Take your own photos linking to your ideas, collect secondary images and edit images so that you are able to record and develop your ideas in response to artist 3. This may take the form of drawings, paintings, mixed media studies from your own photos and collected images using techniques, materials, colour palettes etc that link to your artist.		
Focus on skills and refinement of your work.		
Annotate everything to explain your ideas.		

You SHOULD do	✓	RAG
Edit your own photos and collected images using apps such as pics art, sketchbook and photoshop.		

You COULD do	✓	RAG
Create some speed sketches from your own photos and additional studies from your edits/own photo experimenting with composition, media, technique and/or colour.		

Week 2: w/c 23 February 2026

You MUST do	✓	RAG
Create quick and detailed studies from your own photos and collected images in your choice of media, consider the types of things you may want to include in your final piece and visually explore them using a range of media and techniques.		

You SHOULD do	✓	RAG
Experiment with a wide range of techniques such as drawing, painting, printmaking and mixed media.		
Document the process of your drawings through photographs and annotations showing the process of your work.		

You COULD do	✓	RAG
Create observational drawings from direct observational drawings of people, places or objects that link with your ideas.		

Week 3: w/c 2 March 2026

You MUST do	✓	RAG
Create a full evaluation of your work so far.		
Begin refining your ideas, focusing upon favourite images, ideas, materials and techniques.		
Develop at least 4 composition ideas for your final piece. Through annotation explain how everything links to your artists and previous recording and development of ideas.		

You SHOULD do	✓	RAG
Develop >4 compositions using a range of methods such as sketches, collages, digital layouts and layers. Develop a number of these by experimenting with colour and technique in depth. Through thumbnail images show how your artists and own photos link.		

You COULD do	✓	RAG
Develop your preferred composition by experimenting with colour ways and then changing mark making and techniques through notes and annotations.		

Week 4: w/c 9 March 2026

You MUST do	✓	RAG
Select your favourite idea for your final outcome and begin developing these ideas further.		
Create detailed studies and alternative approaches for colour, media and techniques.		

You SHOULD do	✓	RAG
Create detailed sections of selected compositions by refining your use of materials, marks, applications of materials and colour.		
More experiments and development lead to higher marks.		

You COULD do	✓	RAG
Create a full review of your compositions highlighting strengths and areas for further development through notes and annotations.		

Week 5: w/c 16 March 2026

You MUST do	✓	RAG
Complete a mini version of your final idea. Plan your approach. Time yourself, so you can establish a good scale for your work, so you know what is achievable in 10 hours.		
Consider backgrounds/layers and how you will time plan your piece.		
This is an opportunity for you to experiment with everything to ensure your idea will work.		

You SHOULD do	✓	RAG
Try alternative ideas. Time yourself with different techniques and methods to establish the most effective approach and what is possible within the 10 hours.		

You COULD do	✓	RAG
Document everything with thorough annotation.		
Complete a daily exam plan or even hour by hour time plan based on your development work.		

Week 6: w/c 23 March 2026

You MUST do	✓	RAG
Make the final adjustments and plans for your 10 hour exam.		
Ensure you are fully prepared with backgrounds, materials, equipment that you may need and make any final adjustments/improvements to your prep work.		

You SHOULD do	✓	RAG
Have your background created and outline drawn out.		

You COULD do	✓	RAG
Have all resources ready for your 10 hour exam and leave in the room the night before or arrive early on the exam day to set up.		

Week 7 and 8: w/c 30 March and 6 April 2026 – EASTER BREAK

PHOTOGRAPHY

SUBJECT: PHOTOGRAPHY

The secret to success in Photography:

- Form a positive relationship with your teacher, be effective at communicating
- Keep up to date with weekly deadlines
- Practice using your camera, take photos whenever possible
- Look at things with a photographer's eye
- Learn about all the composition rules and how to apply them
- Learn how to use your camera so that you can paint with light
- Push your creativity
- Learn to direct people, talk to people and take yourself out of your comfort zone
- Follow all the tips provided by your teacher on how to annotate your work
- Produce work in one or more areas e.g. portraiture, location and studio, experimental imagery, installation, documentary, photo-journalism, moving image, fashion
- Use a variety of skills and techniques e.g. lighting, viewpoint, aperture, depth of field, shutter speed and movement.
- Use different materials and media e.g. film, photographic papers, digital media, graphic media for storyboarding, planning and constructing shoots

What exams will I take in the Summer Term?

1 x 10 hour exam

Thiswill take place on in mid/late April – your class teacher will confirm the exact dates

Exam Board: AQA

Support in school:

Drop in revision sessions, your class teacher will share details of the dates and times sessions will take place

Ideas

- Use keywords and terminology when carrying out further research – search carefully
- You should acknowledge and identify sources which are not your own, e.g. copy and paste website hyperlinks. Include these within your portfolio to declare and acknowledge what has been sourced and not written by you.
- Use websites inspired by photographers. There are so many websites to choose from, we would recommend initially looking at:
  - https://www.nationalgeographic.com/
  - https://thephotographersgallery.org.uk/

Support in school:

From February half term all Year 11 students will be finished studying content and be completing revision tasks in lessons which will focus on revising key content for Papers 1 and 2 and exam technique.

Revision Ideas:

- Quizlet
- BBC Bitesize
- Past papers can be found in your Showbie folder (Revision folder) to complete
- Revision guides are in your revision folder in Showbie – use this to create revision brain dumps
- Completing past paper questions – all past paper question are in your revision folder in Showbie
- Seneca

Week 1: w/c 16 February 2026 HALF TERM

You MUST do	✓	RAG
Have completed Quizlets for each of the four topics on Paper 1		
Practice exam questions on the Christian Beliefs unit set by your class teacher		

You SHOULD do	✓	RAG
BBC bitesize quizzes for Paper 1 topics		
Use the revision guide chapter on Christian beliefs to create revision flashcards		

You COULD do	✓	RAG
Past paper questions on Christian beliefs exam topic in Showbie revision folder		
Look at your mock feedback again and complete any of the revision activities above for a topic that you what to improve on		

Week 2: w/c 23 February 2026

You MUST do	✓	RAG
Complete the Christian beliefs long term memory test set by your class teacher.		

You SHOULD do	✓	RAG
Complete a 5 or 12 mark past paper exam question on Christian Practices topic using the past paper questions grid in Showbie		
Use the revision guide chapter on the Christian Practices topic in Showbie to create revision flashcards		

You COULD do	✓	RAG
A brain dump on a topic from Paper 2 to see what you can remember, the. Use the revision guide to add any key points you missed.		
BBC bitesize quizzes on the Christian Practices topic		

Week 3: w/c 2 March 2026

You MUST do	✓	RAG
Practice exam questions set by your class teacher on the Christian Practices unit		
Complete long term memory test on the Christian Practices unit		

You SHOULD do	✓	RAG
Complete quizlets on the Paper 2 exam topics		
Complete a brain dump on the Islam Beliefs unit to see what you can remember, then use the revision guide chapter in Showbie to add any key points you missed		

You COULD do	✓	RAG
Use the revision guide chapter in Showbie to create flash cards on the Islam Beliefs unit		
Complete BBC bitesize quizzes on the Islam beliefs unit		

Week 4: w/c 9 March 2026

You MUST do	✓	RAG
Long term memory test on the Islam Beliefs unit		
Practice exam questions on the Islam Beliefs unit set by your class teacher		
Practice exam questions set by your class teacher on the Islam Practices unit.		

You SHOULD do	✓	RAG
Use the religious teachings revision sheet in Showbie to create key teachings flash cards on the Christianity and Islam Paper 1 topics		
Long term memory on the Islam Practices unit and create flashcards		
Complete the Islam Practices BBC bitesize quizzes		

You COULD do	✓	RAG
A brain dump on the Islam Practices unit the use the revision guide chapter to add any key points you missed OR complete 12 mark past paper exam question for one of the paper 1 topics		
Quizlet on Islam Practices topic		
Revisit the GCSE exam topics RAG in your exercise book and update it for the paper 1 topics you have revised in lessons		

Week 5: w/c 16 March 2026

You MUST do	✓	RAG
Practice exam questions on the Paper 2 Crime unit set by your class teacher		
Crime long term memory check		

You SHOULD do	✓	RAG
Choose a 4, 5 or 12 mark past paper question to complete from the past paper questions grid		
Use the revision guide chapter on the Crime unit to create revision flashcards		

You COULD do	✓	RAG
Complete Quizlets on the paper 2 topics key vocabulary		
Complete BBC Bitesize revision quiz on the Crime unit		

Week 6: w/c 23 March 2026

You MUST do	✓	RAG
Complete the past paper exam questions on the Conflict set by your class teacher		
Complete a long term memory check on the Conflict unit		

You SHOULD do	✓	RAG
Use the revision guide chapter on the Conflict unit to create revision flashcards		
Complete the revision Quizlet on the Conflict unit		

You COULD do	✓	RAG
Complete past paper practice questions on one of the Paper 1 topics		
Complete BBC Bitesize quizzes on the paper 1 topics		

Week 7: w/c 30 March 2026 – EASTER BREAK week 1

Detail here any Easter revision sessions you are attending

Day	Time	Subject	In school or Online

You MUST do	✓	RAG
Complete past paper questions on the Religion and Life unit set by your class teacher		
Complete the long term memory check on the Life unit		

You SHOULD do	✓	RAG
Create revision flashcards on the Religion and Life unit using the revision guide chapter		
Complete a brain dump on the Christian Beliefs unit to check what you can remember		

You COULD do	✓	RAG
Complete the Quizlet for the Religion and Life unit		

Week 8 w/c 6 April 2026 – EASTER BREAK week 2

Detail here any Easter revision sessions you are attending

Day	Time	Subject	Online

You MUST do	✓	RAG
Complete past paper questions on the Religion and Life unit set by your class teacher		
Complete the long term memory check on the Life unit		

You SHOULD do	✓	RAG
Choose a 12 mark past paper question from one of the Paper 2 topics to complete		
Complete the revision Quizlets on the key vocabulary for the Paper 2 topics		

You COULD do	✓	RAG
Use the revision guide to create flashcards for key religious teachings for Paper 2 using the religious teachings revision sheet in Showbie		
Complete BBC Bitesize quizzes for paper 2 topics		

Week 9: w/c 13 April 2026

You MUST do	✓	RAG
Complete the past paper questions on the Religion and Families unit set by your class teacher		
Complete the long term memory check for the Religion and Families unit		

You SHOULD do	✓	RAG
Use the revision guide to create revision flashcards for the Religion and Families unit		

You COULD do	✓	RAG
Complete a 12 mark past paper practice question on the Islam Beliefs unit		

Week 10: w/c 20 April 2026

You MUST do	✓	RAG
Complete the GCSE RS topics RAG again to identify the areas you need to focus your revision on		
Complete the long term memory check on the Paper 1 topics set by your class teacher		

You SHOULD do	✓	RAG
Use the past paper questions grid to complete practice questions on a topic that you identified as red/amber on your RAG		
Create a revision mind map on any topic you have identified as red/amber on your topics RAG using the revision guide chapter in Showbie		

You COULD do	✓	RAG
Complete Quizlets on the Paper topics key vocabulary		

Week 11: w/c 27 April 2026

You MUST do	✓	RAG
Complete the Paper 2 long term memory check set by your class teacher		
Complete the Paper 1 practice questions set by your teacher		

You SHOULD do	✓	RAG
Complete a brain dump on each of the paper 1 topics to see what you can remember, focusing on religious knowledge, key vocab and religious teachings		
Complete the revision Quizlets for the Paper 1 topics		

You COULD do	✓	RAG
Use the revision flashcards you have created to get someone to quiz you on your knowledge of the paper 1 topics		

Week 12: w/c 4 May 2026

You MUST do	✓	RAG

You SHOULD do	✓	RAG
Complete a brain dump on each of the paper 2 topics to see what you can remember, focusing on religious knowledge, key vocab and religious teachings		
Complete the revision Quizlets for the Paper 1 topics		

You COULD do	✓	RAG
Use the revision flashcards you have created to get someone to quiz you on your knowledge of the paper 1 topics		

BIOLOGY

SUBJECT: BIOLOGY (Combined and Triple)

The secret to success in Biology

- **Read the question carefully**
- **Bring a calculator, ruler and pencil**
- **Manage your time effectively when answering questions**
- **Check that you have included a unit**
- **Learn the prefixes for units.**

What exams will I take in the Summer Term?

Exam Board: AQA

Paper Name	Topics	Time of paper
Paper 1 **Tuesday 12 May**	Topics 1-4: Cell Biology, Organisation, Infection and Response	1h 45m - triple 1h 15m - combined
Paper 2 **Monday 8 June**	Topics 5-7: Homeostasis and Response, Inheritance, Variation and Evolution and Ecology	1h 45m - triple 1h 15m - combined

Support in school:

Drop in revision session – Friday lunchtimes – A16 – all students can attend

Monday after school Revision session – A16 – all students can attend

Science Masterclasses – check for invitations via email

Revision resources in your showbie class

Revision Ideas:

- Educake
- BBC Bitesize
- Seneca
- Physicsandmathstutor.co.uk
- Cognito
- Freesciencelessons (YouTube)
- Past papers can be found in your showbie (Revision/Past Papers)

Week 1: w/c 16 February 2026 (HALF TERM)

Inheritance, variation and evolution

You MUST do	✓	RAG
Review the topic on BBC Bitesize or Seneca		
Set and complete Educake quiz on the topic		
Complete revision home learning set		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor AQA GCSE Biology Topic 6: Inheritance, Variation and Evolution Revision - PMT		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet of properties and explanations of properties linked to bonding.		
Write your own question based on the topic then answer it next time you revise that topic.		
Review videos on bonding topic from Freescience lessons on YouTube		

Week 2: w/c 23 February 2026

Ecology

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review the Required Practicals for this topic		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor AQA GCSE Biology Topic 7: Ecology Revision - PMT		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on Rates topic from Freescience lessons on YouTube		

Week 3: w/c 2 March 2026

Homeostasis- Nervous system

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review the Required Practical for this topic		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor Human Nervous System QP- AQA Biology GCSE		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet on this topic		
Review videos on Nervous Responses topic from Freescience lessons on YouTube		

Week 4: w/c 9 March 2026

Controlling Body Temperature, Glucose

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Triple look at controlling body temp, glucose and water		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor Hormonal Coordination in Humans QP- AQA Biology GCSE		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet on this topic		
Write your own question based on the topic then answer it next time you revise that topic.		

Week 5: w/c 16 March 2026

Cell Biology

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Review diagrams of cells		
Triple Review Plant hormones		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor AQA GCSE Biology Topic 1: Cell Biology Revision - PMT		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet on this topic		
Review videos on atomic structure and periodic table topics from Freescience lessons on YouTube		

Week 6: w/c 23 March 2026

Bioenergetics

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Triple focus on monoclonal antibodies how made and uses		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor AQA GCSE Biology Topic 3: Infection and Response Revision - PMT		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on reactivity of acids, metals and electrolysis topics from Freescience lessons on YouTube		

Week 7: w/c 30 March 2026 – EASTER BREAK week 1

Paper 2

Detail here any Easter revision sessions you are attending

Day	Time	Subject	In school or Online

You MUST do	✓	RAG
Review previous revision resources from paper 2 topics		
Complete a full past paper: Triple: Question paper (Higher) : Paper 2 - June 2023 Combined: https://www.aqa.org.uk/subjects/science/gcse/science-8464/assessment-resources		
Note down and review questions you found hard/unable to answer		

You SHOULD do	✓	RAG
Review videos on Freescience lessons on YouTube, making note on topic areas you found hard on past paper.		
Create additional flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Write your own question based on the topic then answer it next time you revise that topic.		

Week 8: w/c 6 April 2026 – EASTER BREAK week 2

Paper 1

Detail here any Easter revision sessions you are attending

Day	Time	Subject	Online

You MUST do	✓	RAG
Review previous revision resources from paper 1 topics		
Complete a full past paper: Triple: AQA | Resources | Past Papers & AQA Mark Schemes		
Note down and review questions you found hard/unable to answer		

You SHOULD do	✓	RAG
Review videos on Freescience lessons on YouTube, making note on topic areas you found hard on past paper.		
Create additional flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Write your own question based on the topic then answer it next time you revise that topic.		

Week 9: w/c 13 April 2026

Organisation

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete Educake quiz on the topic		
Learn sources examples of cardiovascular diseases		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (AQA GCSE Biology Topic 2: Organisation Revision - PMT)		
Create a mind-map – then use this to help answers the past paper or educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on Freescience lessons on YouTube		

Week 10: w/c 20 April 2026

Bioenergetics

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Practice drawing and naming organic compounds needed		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor AQA GCSE Biology Topic 4: Bioenergetics Revision - PMT		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on reactivity of acids, metals and electrolysis topics from Freescience lessons on YouTube		

Week 11: w/c 27 April 2026

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review required practicals for paper 1 all topics		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor AQA GCSE (9-1) Biology Revision - PMT		
Create a mind-map – then use this to help answers the past paper or educake questions.		
Complete a full Paper 1		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on Freescience lessons on YouTube		

Week 12: w/c 4 May 2026

You MUST do	✓	RAG
Review the topic on BBC Bitesize or seneca		
Set and complete educake quiz on the topic		
Review required practicals for paper 1 all topics		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor AQA GCSE (9-1) Biology Revision - PMT		
Create a mind-map – then use this to help answers the past paper or educake questions.		
Complete a full Paper 2		

You COULD do	✓	RAG
Create a quizlet on this topic		
Review videos on Freescience lessons on YouTube		

CHEMISTRY

SUBJECT: CHEMISTRY (Combined and Triple)

The secret to success in Chemistry.

- **Read the question carefully**
- **Bring a calculator, ruler and pencil**
- **Manage your time effectively when answering questions**
- **Learn the relevant equations and check that you are in the correct units**

Week 1: w/c 16 February 2026 – HALF TERM

Bonding

You MUST do	✓	RAG
Review the topic on BBC Bitesize or Seneca		
Set and complete Educake quiz on the topic		
Complete revision home learning set		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/bonding-structure-properties-of-matter/)		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet of properties and explanations of properties linked to bonding.		
Write your own question based on the topic then answer it next time you revise that topic.		
Review videos on bonding topic from Freescience lessons on YouTube		

Week 2: w/c 23 February 2026

Rate of reaction

You MUST do	✓	RAG
Review the topic on BBC Bitesize or Seneca		
Set and complete Educake quiz on the topic		
Review the Required Practicals for this topic		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/rate-and-extent-of-chemical-change/)

Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet on this topic		
Review videos on Energy Changes topic from Freescience lessons on YouTube		

Week 4: w/c 9 March 2026

Quantitative Chemistry

You MUST do	✓	RAG
Review the topic on BBC Bitesize or Seneca		
Set and complete Educake quiz on the topic		
Write and learn a page of key equations needed		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/quantitative-chemistry/)		
Create a mind-map – then use this to help answers the past paper or Educake questions.		
Create flashcards on key ideas and ask friends/family to test you.		

You COULD do	✓	RAG
Create a Quizlet on this topic		
Write your own question based on the topic then answer it next time you revise that topic.		
Review videos on Calculations topic from Freescience lessons on YouTube		

Week 5: w/c 16 March 2026

Atomic structure and Periodic table

You MUST do	✓	RAG
Review the topic on BBC Bitesize or Seneca		
Set and complete Educake quiz on the topic		
Review diagrams of models of the atom		

You SHOULD do	✓	RAG
Access and select relevant past paper questions from Physics and Maths tutor (https://www.physicsandmathstutor.com/chemistry-revision/gcse-aqa/atomic-structure-and-periodic-table)		
Create a mind-map – then use this to help answers the past paper or Educake questions.
